Attendance Policy-2018-2019

Attendance Matters
...every school day counts!

To be counted present for the school day, there simply needs to be work done in the student's account. If a day is missed, the weekends or holidays can be used to make those days up. Simply complete work on a weekend or holiday and it will replace an absence.

To be counted for required class connect live sessions, you must log into your required session on time, participate throughout the entire class, and stay through the end of the class and exit ticket. If you need to miss a required class connect session, please notify your homeroom teacher as soon as possible.

If you have a medical excuse for an absence, email that to your homeroom teacher and that absence will be excused.

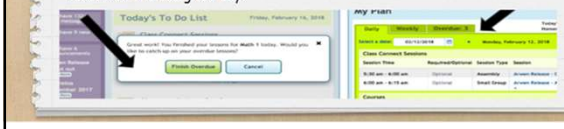
Note: The Learning Coach no longer needs to enter attendance. Attendance is automatically captured when you begin completing your daily lessons in the OLS.

Daily Lesson in the OLS

It is important to complete every lesson on your daily plan.

If you don't complete a lesson on the day it appears on your plan, the lesson will move forward to the next day and the lesson will appear as overdue. This will keep happening until the lesson is completed.

Your expected progress will also decrease because you did not complete the lesson on the assigned day.



Stride

Math: Monday, Wednesday, Thursday

ELA: Tuesday, Wednesday, Friday

You must complete 20 minutes in the program, then mark lesson as complete.

STRIDE FOR K-5
