

Dear Kindergarten Families,

Welcome to the 2020-2021 School Year at CASC!

We are looking forward to a successful year together, learning and growing in Kindergarten at CASC! At the end of this email you will find more information about your Kindergarten teachers, but please be sure to read this email in its entirety first for some very important information regarding the first week of school!

Please be on the lookout for information about your schedule for your first week of school. A welcome packet of information will be sent to you.

We will be working to complete several Progress Monitoring Assessments that will allow your teachers to review areas of strength, areas of need, and help teachers to prepare our instruction. **Learning Coaches, it is extremely important that your student works to complete these assessments on their own with no outside resources. Teachers will need to have the most accurate and valid results in order to best prepare instruction for our students. These Progress Monitoring Assessments will not positively or negatively affect students' grades, so please allow your student to complete each assessment on their own.** Please complete these assessments as scheduled in your welcome packet.

Learning Coaches, a link has been included below for you to access the Family-Friendly South Carolina Kindergarten Math and ELA Standards in order for you to get a glimpse of what your student will be learning this school year via the OLS, live Class Connect sessions, Stride, and Progress Monitoring Assessments.

Sincerely,

Mrs. Carrie Rohrbaugh - Kindergarten ELA

Mrs. Brittany Farris - Kindergarten Math

Meet Mrs. Rohrbaugh- K ELA Team Teacher

[Check out my video!](#)

Hello! My name is Carrie Rohrbaugh and I am the Cyber Academy's Kindergarten Language Arts teacher. This is my third year at CASC, and I am so excited to get to know all of you! I grew up in Virginia and went to college at Radford University where I earned my Bachelor's Degree in Elementary Education. I have been teaching for twelve years. I have spent most of my teaching career working with PreK (both 3 and 4 year old) and 5K but have also taught fourth and fifth grade. I live in Marietta with my husband Karl, my 5-year-old daughter Harper and 1-year-old son Forrest. We love spending time together cooking, hiking, swimming, making crafts and so much more!

Meet Mrs. Farrior-K Math Team Teacher

My name is Brittany Farrior and I am so excited to be your teacher for math this year at CASC! I live in Charleston, South Carolina with my husband and my two daughters, Clara and Catherine. I went to Clemson University and graduated with a degree in Early Childhood Education and then earned my master's degree in Elementary Education from Nova Southeastern University. This is my 18th year in education and my third year with CASC. I am a HUGE Clemson Tigers fan, especially football. I love to spend time with my family, be outside, read, and of course teach my sweet students! I also love all things history and enjoy working at the Charleston Museum during the summer.
